## We Know By Experience

Wise men use the experience of others and make it their own.  
Those who have taken Hood's Sarsaparilla are the ones who are competent to speak of its merits.

The testimonials of cures by Hood's constitute a vast mass of testimony which proves the power of this medicine to cure a great variety of diseases.

These cures often seem marvelous, yet they are perfectly natural and are easily explained. They are the necessary result of purifying and enriching the blood.

"I have been troubled with scrofula all my life, and it effected my eyes so that I was obliged to remain in a dark room. I began taking Hood's Sarsaparilla. Now my eyes are so strong that the light never troubles me, and my health is good." MRS. CARLIE WEEKS, Lompoc, Cal.

some angle. This precaution would prevent the wire falling to the ground should the insulator pin break or the wire from any cause become detached from its fastening.

ARC LAMPS.

We notice that many of the arc lamps throughout the City are set on the tops of poles situated on the side of the street, which practice is not good for a place like Honolulu, gifted as it is with so many beautiful shade trees. Better effect would be obtained were the lamps hung from span wires crossing the street. The light then would not be obstructed to such a high degree by the foliage.

Hoping that this will convey to you clearly the true condition of the system, we are, believe us, Sir, Very truly yours,  
FED. J. CROSS, E. E. C. A. COOLIDGE.

Superintendent Buck's Report.

HONOLULU, Nov. 14, 1898.

J. A. KING,  
Minister of the Interior,  
Sir:—In accordance with your communication of Oct. 31, I have shown Messrs. Cross and Coolidge the Government Lighting System. I have explained to them as minutely as possible all defects in the system, and presume you will receive their report without further delay.

A good part of the system has already been repaired and improved and is now in very good condition.

I have rebuilt complete the main lines from the power station to town which formerly ran through private property a great part of its length. I have done the same with the lines running out King street to Palama. I have rearranged completely the lines in the center of town, equipping all branch lines with the latest pattern junction boxes.

I have nearly finished rearranging all the Arc light circuits and have taken out an enormous amount of superfluous wire. I have now some new lines in Makiki district in order to install new street lights. I have taken down hundreds of old, rotten poles, replacing them in some cases with new poles and in some instances running on the poles of the Hawaiian Electric Co. I have repaired the line running to the Insane Asylum—Underwriters' wire has been the wire used in most cases.

A Sure Sign of Croup.

HOARSENESS in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take.
